Targets (on ground and in home).

(Story)

Upon receipt of the 'go' code - Good guy flies during a blackout window provided by unknown agency w/ unknowns (ordinary people by the look of it) to a select location (re: highly classified mission) who was given the 'go' order by 'x' to execute (delivery – (3) for care\_). Dear Q:

Jesus Christ was fucking pissed at his apostles most of the time because they were stupid fucks (at the time) that couldn't piece together even the most basic of clues. We are no different and are even more clueless. We are trying, but you really do have to spell it out for us. Sorry. We believe you are speaking the truth. To whom else can we turn? So put up with our shit and help us, and we'll do what you ask.

>Act II, Scene IV

The same scene in Macbeth talks about a falcon flying freely before being ambushed by an owl. It is noted that the owl does not normally hunt the falcon. The scene continues to talk about many odd happenings and a darkness on the horizon for humanity. It is noted that even the horses are rebelling and turning upon one another (specifically eating each other).

Is it possible that the Clintons have turned on the Rothschilds? The flyeaglefly may even be a veiled threat directed towards the Clintons, a 'We know' type thing.

CONFIRM GREEN SKY = giving an order to Captain Green to do something to the Rothschilds.

Q gave us this crumb beforehand, and also wrote a message to LdR (we can hear you breathing).

This was a map. Q told us that future shows the past meaning that a future event (Captain Mike Green doing something with a helicopter to Rothchilds) will explain these keywords and confirm that Q knows top secret information.

Green, obviously a good guy, had a mission. We don't know what exactly he was supposed to do. But it had to be something very serious because bad guys countered very seriously and killed several people.

Mission failed.

My actual conclusion is probably what's delayed me the most as it's been mind blowing understanding our country now.... I totally get it..

Current conclusions?

so Titanic -> Rothchild screws America by making our money worthless -> crash of 29 -> Tons new government which doesn't fix the problem Rothchild created (but a war helps) -> cia -> everyone blackmailed with sex tapes -> media consumed cia -> Country forced hard left -> population to puppets -> Causes uprising by certain Patriots like Kennedy/Reagan/Trump and while they managed to kill Kennedy and outlast Reagan enough lessons were learned that we are now finally ready to clean house and become America again?

First time in about a hundred years.... wow...

>One of the first big milestones in this transformation took place in November 2004 when Google acquired a tiny and little-known 3-D mapping startup called Keyhole Inc. Google paid an undisclosed sum for the company, immediately absorbed it, and began turning its tech into what we now know as Google Earth. The acquisition would have gone unnoticed, had it not been for one not-so-tiny detail: Keyhole Inc was part-owned by the CIA and the "National Geospatial-Intelligence Agency" (NGA), a sister agency to the NSA. Keyhole Inc also had one major client base: US military and intelligence agencies.
